25X1 1. A camp of one-story cantonment buildings, most of them wooden, was seen northwest of the TANGIRUENDE (M 53/Y 84) railroad station on 15 December 1949. The western section of the cantonment was occupied by an engineer unit of about 150 troops. Trucks coming from the direction of STENDAL (M 53/Y 85), were seen to arrive there.

25X1 2. The eastern section of the cantonment was occupied by a unit of about 150 troops of unidentified branch of service. The soldiers wore red-bordered black epaulets. Truck was noted.

3. Local residents said that the two units had returned from maneuvers in early October 1949.

4. A major and a captain assigned to these units, billeted in TANGIRUENDE prior to the maneuvers, were now billeted in STENDAL.

25X1 Comment:

The report vaguely confirms the location of elements of the 890th Indep Engr Bn/LXXIX MTZ Rifle Corps in TANGIRUENDE. A component unit of the 207th Mtz Rifle Div may also be stationed there.
